

Medical & Aging Care

No one likes to think about getting older or death, but it is one of the only things that is guaranteed to happen to all of us. We have several clients that deal with these sticky issues and more.

The mission of Elegant Care In-Home Health Services is to provide older adults and people with disabilities high quality in home health care and to contribute to their quality of life. They have professional, responsive, and trustworthy home health nurses, certified nursing assistants and home health aides to provide support to your loved ones. For more information on their services, please contact Business Manager Vonya Grant at 816-960-4992 or email elegantcare@sbcglobal.net.

Northern Star Mortuary is a funeral home with a meaning and a purpose. The name was inspired by Harriet Tubman's determination, vision, faith, and strong will to lead others through the Underground Railroad. When she was traveling between one safe haven to the next, the North Star was used as a guide to motivate the weary, for hope, courage, and as a light to shine their way. Northern Star Mortuary is a guiding light for the families who are grieving and looking for passion, compassion, and professionalism. The staff of Northern Star Mortuary is committed to increasing community relations by creating an environment where families can be at peace to grieve. For more information about Northern Star Mortuary go to www.northernstarmortuary.com.

One thing that everyone needs to try to avoid the services above is good health care. Ruth Anazia is an independent agent working with an alternative discount medical plan. Ruth offers four discount medical plans to individuals and families, with discounts on dental services, vision, prescription, and chiropractic services. The most popular plan is an affordable dental plan for the entire household for \$19.95/month. If you need additional information, contact Ruth Anazia at 785-969-3564.
